Unlock your life with smart solution
Leave your home security to Be-Tech

Various access
Be-Tech G536FM has two access solutions, Fingerprint or RF Card key for your convenience.

One-touch Fingerprint Verification
One-touch Fingerprint verification technology has been applied to conveniently read a fingerprint in one shot.

Operation status notification
Whenever any operation is made, the LED indicator informs you what is happened through different colors and signs.

Automatic locking
Door lock will be locked automatically after opening door a few seconds. (Manual operation is also available)

Missing key invalidation
Once you lose your key, it has no validation as long as you re-register rest of your keys.

Anti-panic exit system
For convenience and in case of emergency, allows you to open the door by simply turning its handle from inside.

Alarm (Incorrect Fingerprint or RF card attempt)
Alarm will be on and last for 60 seconds if anyone attempts to open the lock with incorrect Fingerprint or RF card for 3 times.

Low battery warning signal
A continuous "beep" sound during door access will alert you to replace batteries.

Mechanical key override
For emergency, it can also be unlocked with a mechanical key.
